

HELP WANTED

Job Description: Welder and CNC/Plasma Table Operator

Job Title:

Welder and CNC/Plasma Table Operator

Location:

Corsica, SD

Job Type:

Full-time

Company Overview:

Farm Aid Equipment is a leading provider of high-quality fabricated metal products, specializing in agricultural machinery and equipment. Our commitment to precision and excellence has made us a trusted name in the industry. We are currently seeking a skilled and motivated Welder and CNC/Plasma Table Operator to join our team.

Job Summary:

The Welder and CNC/Plasma Table Operator is responsible for operating welding equipment and CNC/plasma cutting tables to fabricate and assemble metal parts according to specifications. This role requires a keen eye for detail, a strong understanding of metalworking techniques, and the ability to work efficiently in a fast-paced environment.

Key Responsibilities:

- **Welding:**
 - Perform MIG, TIG, and/or Stick welding on various metals (steel, aluminum, etc.).
 - Read and interpret blueprints, schematics, and technical drawings.
 - Set up welding machines based on job requirements.
 - Inspect welded joints and structures to ensure they meet quality standards.
 - Repair and maintain welding equipment as needed.
- **CNC/Plasma Table Operation:**
 - Operate CNC and plasma cutting tables to cut metal parts according to specifications.
 - Program and adjust CNC machines for new projects or adjustments.
 - Monitor the cutting process to ensure precision and quality.
 - Perform routine maintenance on CNC and plasma cutting equipment.
 - Troubleshoot and resolve issues with cutting machines.
- **General:**

- Ensure all work meets quality standards and project specifications.
- Follow all safety protocols and procedures.
- Maintain a clean and organized work area.
- Collaborate with team members and other departments to ensure smooth workflow.
- Document and report work progress and any issues encountered.

Qualifications:

- High school diploma or equivalent; technical certification in welding and/or CNC operation preferred.
- Minimum of 2 years of experience in welding and CNC/plasma table operation.
- Proficiency in MIG, TIG, and/or Stick welding.
- Experience with CNC programming and operation.
- Strong understanding of metal fabrication techniques and processes.
- Ability to read and interpret blueprints and technical drawings.
- Excellent attention to detail and precision.
- Strong problem-solving skills and ability to troubleshoot machinery.
- Good communication and teamwork skills.
- Ability to lift and handle heavy materials and equipment.

Benefits:

- Competitive salary based on experience.
- Paid time off and holidays.
- Retirement plan options.
- Opportunities for professional development and advancement.

How to Apply:

Interested candidates should submit their resume and a cover letter detailing their relevant experience to ericm@farmaidequipment.com or call 308-529-3806. You can also apply in person at the manufacturing facility and ask for Darin Den Boer.

Farm Aid Equipment is an equal opportunity employer. We are committed to creating an inclusive environment for all employees.
